HBMeU Board of Governors underlines continuing focus on excellence and innovation
 Oct 10, 2011 - 12:27 -

WAM Dubai, Oct. 10th, 2011 (WAM) -- Hamdan Bin Mohammed e-University (HBMeU) board of governors have emphasized on the need to continue the focus on excellence and innovation that enabled the university to launch new academic programs, implement pilot initiatives, and also ensure the development of innovative standards for enhancing the overall teaching and learning experience.

HBMeU recently concluded the meeting of its board of governors at its new headquarters in Dubai International Academic City, in the presence of Lt. Gen. Dahi Khalifa Tamim, Commander-in-Chief of Dubai Police and Chairman of the Board of Governors of the University; Mohammed Ibrahim Al Shaibani, Director General of H.H. Ruler's Court, and Vice Chairman of the Board; in addition to all board members.

The meeting witnessed the confirmation of the names of graduates from the e-School of Business and Quality Management, e-School of Health and Environment Studies, and School of e-Education.

The meeting discussed the themes and objectives of the Strategic Plan 2011-2015, which aim to enhance quality, establish a culture of innovation and excellence and improve e-learning at the regional level. The meeting was also held in line with the University's keenness to ensure successful integration of theory and practice as well as enhance HBMeU's status as the first e-learning University and the premier academic choice in the UAE and Arab World, complementing the directives of H.H. Sheikh Hamdan Bin Mohammed Bin Rashid Al Maktoum, Crown Prince of Dubai and President of HBMeU.

The meeting also focused on discussing the most effective initiatives that complement the objectives of the university in achieving a new education paradigm and preparing a young generation who are well-equipped to contribute to the country's growth and development at various levels. The members of the Board of Governors also discussed the proposed program of "Investors in Education" as well as new programs in the area of customer services. It was decided to present an operational plan for the proposed programs during the next meeting.

The meeting discussed the themes and objectives of the Strategic Plan 2011-2014, which aim to enhance quality, establish a culture of innovation and excellence and improve e-learning at the regional level. The meeting was also held in line with the University's keenness to ensure successful integration of theory and practice, as well as enhance HBMeU's status as the first e-learning University and the premier academic choice in the UAE and Arab World, complementing the directives of His Highness Sheikh Hamdan Bin Mohammed Bin Rashid Al Maktoum, Crown Prince of Dubai and President of HBMeU.

The meeting also focused on discussing the most effective initiatives that complement the objectives of the university in achieving a new educational paradigm and preparing a young generation who are well-equipped to contribute to the country's growth and development at various levels. The members of the Board of Governors also discussed the proposed program of 'Investors in Education' as well as new programs in the area of customer services. It was decided to present an operational plan for the proposed programs during the next meeting.

HBMeU is the first e-learning institute in the Arab World that was established with the vision to develop a new learning process through the implementation of learning practices characterized by flexibility,

quality and diversity to strengthen self-leadership among learners and prepare them socially and academically for future career through integration in the job market. HBMeU's philosophy is based on vital methods that have been developed through extensive research and development by specialists from all over the world. These methods include offering high quality programs, supporting the pursuit of lifelong learning, promoting the freedom of information, embracing the culture of excellence and innovation and providing education for everyone in line with the highest standards of comprehensiveness and credibility. The University seeks to constantly identify knowledge needs, support research and development programs and create an outstanding environment for e-learning.

HBMeU Board of Governors underlines continuing focus on excellence and innovation

Dubai, Oct. 10th, 2011 (WAM) – Hamdan Bin Mohammed e-University (HBMeU) board of governors have emphasized on the need to continue the focus on excellence and innovation that enabled the university to launch new academic programs, implement pilot initiatives, and also ensure the development of innovative standards for enhancing the overall teaching and learning experience.

HBMeU recently concluded the meeting of its board of governors at its new headquarters in Dubai International Academic City, in the presence of Lt. Gen. Dahi Khalifa Tamim, Commander-in-Chief of Dubai Police and Chairman of the Board of Governors of the University; Mohammed Ibrahim Al Shaibani, Director General of H.H. Ruler's Court, and Vice Chairman of the Board; in addition to all board members.

The meeting witnessed the confirmation of the names of graduates from the e-School of Business and Quality Management, e-School of Health and Environment Studies, and School of e-Education.

The meeting discussed the themes and objectives of the Strategic Plan 2011-2015, which aim to enhance quality, establish a culture of innovation and excellence and improve e-learning at the regional level. The meeting was also held in line with the University's keenness to ensure successful integration of theory and practice as well as enhance HBMeU's status as the first e-learning University and the premier academic choice in the UAE and Arab World, complementing the directives of H.H. Sheikh Hamdan Bin Mohammed Bin Rashid Al Maktoum, Crown Prince of Dubai and President of HBMeU.

The meeting also focused on discussing the most effective initiatives that complement the objectives of the university in achieving a new education paradigm and preparing a young generation who are well-equipped to contribute to the country's growth and development at various levels. The members of the Board of Governors also discussed the proposed program of "Investors in Education" as well as new programs in the area of customer services. It was decided to present an operational plan for the proposed programs during the next meeting.
